Subject: RE: Contractual Services

Karrum,

The majority of services have been charged to the Controller's office for all departments except the Wastewater Utility. There may have been some past charges out of other departments but we have since consolidated the accounting of financial contractual services to be paid from the Controller's office.

Leslie

Thank you

And to confirm each year it was out of the contractual services in the controller and wastewater only?

Thanks

Karrum

Attached is an updated spreadsheet that we had for Scott Walker Services Contractual 2004-2014. I have added 2015 and 2016 to it.

Leslie,

I would like to see the total compensation for Scott Walker for the last 5 years.

Thanks, Amy
